Approval:

NOTE: Exposed points are not permitted on metal fencing materials. Fence placement shall be in compliance with Sec. 1248.02.2. No permanent fence or retaining wall shall be constructed or erected within any public street or alley right of way. All fences shall be installed in a manner which maintains the integrity of overland drainage ways or drainage easement in or over which a fence is placed. For a fence enclosing a swimming pool, fence must have a minimum height of 4 feet to a maximum height of 6 feet. All gates within the fence are required to swing outward away from the pool, be self-closing and capable of being locked. Any doors that open into the fence enclosed pool area require a code compliant alarm. A fence permit approved and issued by the City of Edwardsville does not constitute compliance with subdivision covenants and restrictions. It shall be the responsibility of the property owner or applicant to verify placement on private property and compliance with applicable subdivision covenants and restrictions.
